EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Miller on 12/21/05; further, Mr. Miller stated that the all submitted amendments have no new matter.

Please cancel claim 12.

Reason for Allowance

Claims 1-11 and 13 are allowed for the following reasons:

The instant application is deemed to be directed to a nonobvious improvement over the invention patented in Pat. No. Bennett (US 6542651) and Bennett et al. (US 6563589).

Claims 1-6 are allowable because the prior art of record, taken alone or in combination, fails to disclose or render obvious exactly one phase modulation unit (PME) is provided, and in that N reflection interferometers are provided, each of the N reflection interferometers including exactly one of the N sensor heads and the N sensor heads in each case having a mirrored end in combination with the rest of the limitations of the base claim.

Art Unit: 2883

Claims 7-11 are allowed because the prior art of record, taken alone or in combination, fails to disclose or render obvious each of the phase modulators being connected to the control and evaluation unit via one modulator signal line each in combination with the rest of the limitations of the base claim.

Claim 13 is allowed because the prior art of record, taken alone or in combination, fails to disclose or render obvious that $N=3$ or $N=6$, and the electric currents of three phases of an electric high voltage system can be measured by means of one sensor head each in the case of $N=3$, or being able to be measured by means of two sensor heads each in the case of $N=6$ in combination with the rest of the limitations of the base claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
